

REMARKS

The above preliminary amendment amends the specification to correct minor informalities, and adds new Claims 19-38 to vary the scope of protection recited in the claims. Claims 19-25 and 33-38 find non-limiting support in the disclosure as originally filed, for example from page 15, line 1 to page 18, line 12 with corresponding Fig. 2. Claims 26-30 find non-limiting support from page 25, line 7 to page 26, line 21 with corresponding Fig. 6. Claims 31-32 find non-limiting support from page 34, line 12 to page 36, line 13 with corresponding Fig. 11. The new claims are therefore not believed to raise a question of new matter.¹

Accordingly, an examination on the merits of Claims 1-38 is believed to be in order, and an early and favorable action is respectfully requested.

Respectfully submitted,
